SYLLABUS IN ITE184 SOCIAL, LEGAL & PROFESSIONAL ISSUES IN COMPUTING
BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY
1st Semester, School Year 2022-2023

MINDANAO STATE UNIVERSITY-MAGUINDANAO VISION, MISSION, GOALS, AND OBJECTIVES

Vision

The premier innovative center of development in the region.

Mission

To train and enhance human capital through:

- Quality educational experiences;
- Relevant research and innovations and regional and national development; and
- Responsive community engagement and empowerment

CORE VALUES

R- Responsiveness

I- inclusiveness

S- Sustainability

In- Innovativeness

G- Global Competence

In- Integrity

Collaboration

MINDANAO STATE UNIVERSITY QUALITY POLICY

The Mindanao State University, as a leading peace university, is committed to innovative instruction, conduct relevant researches and extension programs, and continuously work to attain sustainable production.

Thus, with the MSU's commitment to satisfy customers and in providing excellent services, it shall:

- Produce highly competent professionals to meet the demands of the 21st century;
- Advance its special mandate as a social laboratory for national integration and cultural preservation;
- Promote and implement efficient and transparent practices and processes that sustain quality services and productivity; and
- Be ethically compliant with all relevant statutory and legal requirements.

MSU continually improves its Quality Management System to be at par with the best national and global Universities.

GOALS

The **COLLEGE OF ARTS & SCIENCES** aims to produce quality graduates in Information and Communication Technology, Islamic Studies, Political Science and Peace and Development Studies.

COLLEGE OBJECTIVES

1. Deliver quality and modernized and modernized standard instruction in the fields of Arts & Sciences;
2. Equip students with intellectual, physical, social, psychological, and spiritual skills;
3. Produce globally competitive graduates;
4. Engage in research and extension services in different disciplines;
5. Strengthen linkages with Government, Private and Non-Government Organizations;
6. Ensure exclusive and equitable quality education that promote global learning opportunities;
7. Adapt to universal access for global degree of improvement in efficiency; and
8. Imbibe the concepts of peace, peacebuilding, diversity, inclusiveness, and respect in the curriculum as part of the pursued profession.

I. THE COURSE

- A. Course number : ITE184
- B. Course Title : Social, Legal & Professional Issues in Computing
- C. Course Credit : 3
- D. Hours/week : 3 hours per week
- E. Prerequisite/s : GEC107 Ethics
- F. COURSE DESCRIPTION :

This course tackles information security and the different aspects of computer crimes including all the legal constraints in computing and as well as the different types of protection and preventive measures available both to users and professionals. Further, the course focuses on issues in the Philippine setting.

II. GENERAL LEARNING OUTCOMES

At the end of the semester, the students can:

1. Define computer ethics, identify an ethical issue, and apply it to decision making. Explain the different moral and ethical theories and its application in law and professional codes of conduct to the IT and computing industries.
2. Analyze the scope and nature of computer crime, identify its different types, and apply knowledge on different theories to know if such act or omission is ethical or not.
3. Evaluate IT laws that punish computer crimes. Interpret, analyze, and understand the different provisions of the cybercrime prevention law, and recognize that the IT profession has social and ethical consequences.

III. DEVELOPMENT OF THE COURSE

Desired Learning Outcomes	Learning Content	Strategies / instructional materials	Assessment activities/tasks output	Evaluation measures & tasks assessment tools	Evidence of attainment (outcomes)	Time frame for every objective

Orientation on VMGO, University Officials and Policies, Classroom Policies, Course Requirements, and Grading System						
Prelim						
	Computer Ethics - Code of Ethics: - Filipino IT Professionals - Association of Information Technology Professionals Principles - Ten Commandments of Ethics - Computer Ethics	- Lecture - Research - Assignment - Computer - Projector - Presentation Material - Module	Case Study	Rubrics		4.5 hours
	Cybercrime Law - Internet Crime - Type of Perpetrators - RA10175 – Cybercrime Prevention Act - RA9995 – Anti-photo & Video Voyeurism Act - RA9775 – Anti-Child Pornography Act	- Lecture - Research - Assignment - Computer - Projector - Presentation Material - Module	Case Study Reflection	Rubrics	Case Study	8 hours
	E-Commerce Law - RA8792 E-Commerce Law - Use of Access Devices Act - RA8484 - RA11449	- Lecture - Research - Assignment - Computer - Projector - Presentation Material	Case Study Reflection	Rubrics	Case Study	5 hours

		• Module				
Midterm						
	Intellectual Property Law • Copyright • Trademark • Patents • Key Issues • RA8293 – Intellectual Property Code of the Philippines • RA9239 – Optical Media Act	• Lecture • Research • Assignment • Computer • Projector • Presentation Material • Module	Case Study Reflection	Rubrics	Case Study	10 hours
	Freedom of Expression • Freedom of Expression	• Lecture • Research • Assignment • Computer • Projector • Presentation Material • Module	Case Study Reflection	Rubrics	Case Study	7.5 hours
Final						
	Privacy • Information Privacy • Key Issues • RA4200 – Anti-Wire Tapping Act	• Lecture • Research • Assignment • Computer • Projector • Presentation Material • Module	Case Study Reflection	Rubrics	Case Study	7 hours

	Social Networking • Social Networking • Key Issues	• Lecture • Research • Assignment • Computer • Projector • Presentation Material • Module	Case Study Reflection	Rubrics	Case Study	7 hours
--	---	---	--------------------------	---------	------------	----------------

IV. COURSE REQUIREMENTS

Course / Homework assignments
 Examination and Quizzes
 Standard Tests
 Case Studies

V. GRADING CRITERIA

Case Studies/ Reflection Notes on IT Laws

1. **Identification of Main Issues/Problems**
 - a. (Strong) Identifies and demonstrates a sophisticated understanding of the main issues/problems in the case study.
 - b. (Average) Identifies and demonstrates an accomplished understanding of most of the issues/problems.
 - c. (Weak) Identifies and demonstrates acceptable understanding of some of the issues/problems in the case study.
2. **Analysis and Evaluation of Issues/Problems**
 - a. (Strong) Presents an insightful and thorough analysis of all identified issues/problems; includes all necessary calculations.
 - b. (Average) Presents a thorough analysis of the most of the issues identified; missing some necessary calculations.
 - c. (Weak) Presents superficial or incomplete analysis of some of the identified issues; omits necessary calculations.

3. Recommendations on Effective Solutions/Strategies

- a. (Strong) Supports diagnosis and opinions with strong arguments and well documented evidence; presents a balanced and critical view; interpretation is both reasonable and objective.
- b. (Average) Supports diagnosis and opinions with limited reasoning and evidence; presents somewhat one-sided argument; demonstrate little engagement with ideas presented.
- c. (Weak) Little or no action suggested, and/or inappropriate solutions proposed to the issues in the case study.

4. Links to Course Readings and Additional Research

- a. (Strong) Makes appropriate and powerful connections between identified issues/problems and the strategic concepts studied in the course readings and lectures; supplements case study with relevant and thoughtful research and documents all sources of information.
- b. (Average) Makes appropriate but somewhat vague connection between identified issues/problems and the strategic concepts studied in the course readings and lectures; demonstrates limited command of the analytical tool studied in the readings; supplements case study with limited research.
- c. (Weak) Makes inappropriate or little connection between issues identified and the concepts studied in the readings; supplements case study, if at all, with incomplete research and documentation.

5. Writing Mechanics and Formatting Guidelines

- a. (Strong) Demonstrate clarity, conciseness and correctness, formatting is appropriate, and writing is free of grammar and spelling errors
- b. (Average) Occasional grammar or spelling errors, but still a clear presentation or ideas; lack organization.
- c. (Weak) Writing is unfocused, rambling, or contains serious errors; poorly organized and does not follow specified guidelines.

Requirement / Assessment Task	Maximum Points
Major Exams and Quizzes	40
Class Participations	10
Oral Recitation, Assignments, Case Problems, Essays	50
Total	100

The student should be able to get the **minimum rate of 60% to pass the course.**
The rate is mapped to the actual grade based on the following scale:

Transmutation Table	
95.60 – 100	1.00
91.15 – 95.59	1.25
86.70 – 91.14	1.50
82.25 – 86.69	1.75
77.80 – 82.24	2.00
73.35 – 77.79	2.25
68.90 – 73.34	2.50
64.45 – 68.89	2.75
60.00 – 64.44	3.00
0.00 – 59.99	5.00

VI. Course Policies

- All projects/ requirements should be submitted on time. Late submissions may be accepted but will merit deductions.
- Cheating will not be tolerated. Cheating in any requirement will result in a minimum penalty of having a grade of zero (0) for that requirement. Duplicated projects /requirements will merit penalties for both the students who copied and the student from whom the work was copied.
- Additional policies, with due consultation with the students may be implemented by the teacher to adapt to the class environment. Students are advised to be aware of such updates, and to ask their teacher if anything is unclear.
